AIRPORT PLANS FREE PARKING FOR U.S. MILITARY
ON MEMORIAL DAY WEEKEND**

DFW INTERNATIONAL AIRPORT, Texas (May 26, 2004) – Exceeding the pace of recovery of all U.S. airports for six straight months, DFW is forecasting more than 16.6 million passengers will travel through the Airport from June to August, a 12 percent increase from 2003, and exceeds the 16.4 million figure of Summer 2001.

DFW kicks off its summer season today with a number of travel tips and promotions aimed at keeping passengers moving quickly and securely to their destinations.

DOUBLE DIGIT INCREASE IN SUMMER TRAVEL

DFW's summer travel forecast predicts double-digit growth at the Airport, with passenger figures exceeding 2001 levels. During the first quarter of 2004, DFW handled 13.9 million passengers, equaling figures of the first quarter of 2001. In the latest monthly tallies from March, more than 5.1 million passengers flew through DFW, a 14.5 percent increase over March of 2003 and the best March since 2001. Also in March, DFW served more than 427,000 international passengers, a 13.9 percent increase from March of last year. DFW's strong performance has outpaced the aviation industry each month since November 2003. The industry average for March of 2004 was 5.5 percent.

“DFW’s strong passenger growth is leading the nation,” says Joe Lopano, DFW’s executive vice president of marketing and revenue management. “Our growth is coming in all categories with both international and domestic growth rates in the double digits versus last year. We believe we will exceed pre-9/11 summer levels this year.”

PATRIOTIC PROMOTION

As part of the kick-off to summer travel, the Airport is using Memorial Day weekend as a chance to honor U.S. reserve and active-duty soldiers for a second straight year, offering free parking in Express South with valid military identification from Thursday, May 27 through Wednesday, June 2.

"We believe honoring the military men and women who are serving our country so bravely is the right thing to do," says Jeff Fegan, DFW CEO. "Express Parking is extremely popular with our travelers, especially families. They get trunk-to-terminal service right here at the Airport, so its very convenient on a Memorial Day weekend when you have children and luggage to manage. It's a small token of our appreciation for a job well done."

SECURITY TIPS FOR QUICK CHECK-IN

DFW will be working closely with the Transportation Security Administration to keep checkpoint security lines moving quickly. Surveys have found DFW's lines among the quickest in the country, and the Airport's terminal managers and Airport Ambassadors along with the TSA will be monitoring lines closely to keep wait times to a minimum. DFW's 20 points of entry across the four terminals also cuts down on congestion. For access to the latest TSA Air Travel Tips visit <http://www.dfwairport.com> under the Resources section.
